

Nikolaos V. KARADIMAS

Assistant Professor

Div. of Mathematics and Engineering Science

Hellenic Army Academy

Evelpidon Avenue, 166 72, Vari

Phone: +30 6906126260

Email: nkaradimas@sse.gr, nkaradimas@gmail.com

Nikolaos Karadimas has born in Athens, Greece and holds a degree in Electrical Engineering from Technological Institute of Patras. He holds a second degree in Electronic Engineering and a Master degree in "Computer Science" from Glasgow Caledonian University, Scotland in 1997 and 1998 respectively. He also holds a second Master degree in "Distributed and Multimedia Information Systems" from Heriot-Watt University, Edinburgh, Scotland in 1999. Since 2007, he holds a PhD in Computer Engineering entitled "Resource Management and Decision Support Systems Geo-Referred Information for a Logistics Environment" from the National Technical University of Athens (NTUA).

He teaches Informatics at the Hellenic Army Academy since 2001, while since 2019 he holds the position of Assistant Professor of Informatics on Military Applications in the Academy. He has also taught at the Air Force Academy, at the Technological Educational Institute of Piraeus, at the Technological Educational Institute of Chalkis, at the Hellenic Air Force Technical NCO Academy and at the New York College. He has worked at the Institute of Informatics and Telecommunications of National Center for Scientific Research (Demokritos) and in the school of Electrical and Computer Engineering of NTUA as an external collaborator - researcher.

In addition, he has supervised a big number of Diploma and Master's theses at the Hellenic Army Academy and at the School of Electrical and Computer Engineering, NTUA.

He has obtained several scholarships during his undergraduate and graduate studies and awards for four (4) published articles. He is reviewer for many journals and conferences. He is a member of Institute of Electrical and Electronic Engineering (IEEE), Institute of Engineering and Technology (IET) and the Technical Chamber of Greece (TEE-TCG).

Finally, Dr. Karadimas has over 90 publications in international journals, books and conferences and his research interests are in Military Applications, Databases, Big Data, Data Analysis, Enterprise Resource Planning, Geographical Information Systems, Modeling and Simulation Algorithms and Decision Support Systems.
